SUMMARY

Software Developer with experience building scalable web applications using technologies such as React, Next.js, Node.js, TypeScript, Python (FastAPI), and Java (Spring Boot). Experienced in API development and integration, working in cloud environments (AWS/Azure), using Docker and CI/CD pipelines, always applying best practices to build high-performance, scalable, and maintainable systems. Strong interest in AI-driven applications, automation, and developing solutions that generate real-world impact.

TECHNICAL SKILLS

- Frontend:** React.js, Next.js, TailwindCSS, Angular
- Backend:** Node.js, NestJS, Fastify, Express, Spring Boot, FastAPI, Flask, REST APIs
- Languages:** JavaScript, TypeScript, Python, Java
- Cloud & DevOps:** AWS, Azure, Docker, CI/CD, Kafka, RabbitMQ
- Databases:** PostgreSQL, MongoDB, Redis
- Architecture:** Clean Architecture, SOLID, System Design
- Testing:** Jest, Playwright, Cypress, JUnit, Pytest
- AI & Automation:** RAG, AI Agents, LangChain, LangGraph, n8n

EXPERIENCE

Software Developer <i>Prime Control (via Infinitfy)</i> - Developed scalable backend APIs and services using Node.js and Python - Built an AI platform using RAG architecture and multi-agent systems, improving team productivity - Developed and operated cloud-native applications on AWS using Docker and CI/CD - Defined best practices and standards for AI usage in software development	Jan 2025 – Present <i>Remote</i>
Software Developer <i>Infinitfy</i> - Developed a chatbot integrated with SAP, WhatsApp, and Jira, increasing process efficiency - Implemented a notification system supporting 100+ concurrent users - Designed and implemented RBAC authorization and authentication using JWT and 2FA - Integrated external APIs and automated support workflows - Implemented CI/CD pipelines and automated testing	Mar 2024 – Jan 2025 <i>Lins, SP, Brazil</i>
IT Support Intern <i>City Hall of Lins</i> - Provided technical support and infrastructure maintenance - Troubleshoot hardware, software, and network issues - Supported internal systems operations	Oct 2023 – Mar 2024 <i>Lins, SP, Brazil</i>
Frontend Developer Intern <i>AD Soluções em Tecnologia</i> - Developed web applications including ERP systems, legal systems, and event solutions - Built responsive user interfaces using React, focusing on UX and component-based architecture - Integrated external APIs and payment gateways - Modernized and migrated legacy systems	Jun 2022 – May 2023 <i>Lins, SP, Brazil</i>

EDUCATION

FATEC Lins <i>Technology Degree in Systems Analysis and Development</i>	Lins, SP, Brazil 2024
ETEC Lins <i>Technical Degree in Systems Development</i>	Lins, SP, Brazil 2022
